OFFICIAL PAPER OF THE CITY.

MILWAUKEE:

MONDAY AFTERNOON, APRIL 12.

Gov. Dewey's Administration.—No. 5.

CONTINGENT EXPENSES.—The Legislature annually appropriates a specific sum, to be used at the discretion of the Governor, to defray Contingent Expenses. The Constitution—Section 2 of Article VIII.—expressly declares, "No money shall be paid out of the Treasury, except in pursuance of an *appropriation by law.*"

By an act of the Legislature, passed March 15th, 1851, $1,022,86 were appropriated to Nelson Dewey, to pay the contingent expenses he had incurred the *year previous* above the appropriation, and also $1,000 for the contingent expenses of the year 1851. Gov. Dewey used up the whole of this contingent fund, and $1,295,13 of the Swamp Land appropriation, and having, by a procedure unauthorized by law, got hold of $8,048,26 due this State from the United States, though required by a Joint Resolution of the Legislature to pay the *whole sum* into the Treasury, he paid the Treasurer but $4,442,51, and in violation of law he paid $3,605,75 of it for expenses which he had incurred without a shadow of legal authority. Eight Hundred and Ninety Dollars ($890) of this sum he paid Geo. P. Delaplaine, his Private Secretary, for going to Washington and settling with the Treasury Department; $1,873,24 for a bargain his Private Secretary made for stationery, at large prices, with Wm. A. Wheeler & Co.; and $842,51 for contingent expenses generally. This may seem to some a small matter. But the Chief Magistrate of a State, appointed and sworn to execute faithfully the laws, should himself set the example of obedience to the law. If the highest officer of the State may disregard the laws with impunity, what shall prevent all classes of the community from violating the law, at their own good pleasure, and pleading the precedent of his example, in justification of their acts? Lawlessness and corruption, commencing at the head, may be diffused through all ranks of Society, till faith, honor, integrity and fair dealing, shall become obsolete, or meaningless terms, in our Commonwealth.

P. S. There are several inaccuracies in No. 1, on the Fox and Wisconsin River Improvement. For example, the Sixty Dollar *coupons* are issued for each *Five Hundred*, instead of each *Thousand* Dollars. The following is the form of the *coupons:*

"THE STATE OF WISCONSIN, Pay —— —— or order Sixty Dollars, one year's interest on State Scrip, No. ——, for Five Hundred Dollars.

—— ——, Governor."

Here then, is not only a draft on the *State*, made by the Governor, but this certificate is recognized and declared, *in terms*, to be *State Scrip;* thus making it a State debt.

For "old contractors," in Article No. 1, 23d line from its close, read "other contractors."

S. M. B.

KOSSUTH AT THE SOUTH.—Kossuth is received coldly at the South, as we have supposed he would be. Slaveholders have no sympathy with him or his mission. At New Orleans he was insulted by the Legislature, with a conditional promise of reception. At Vicksburg the people refused to hear him speak. These facts are worthy the attention of all whose hearts have responded to his appeal to the people of this country, and more especially of our fellow-citizens of foreign birth who have a regard for the liberties of their countrymen beyond the sea. They must discover from the action of the Slaveholders on this question, that liberty will never get any aid from them, either in the New World or the Old. They should be careful therefore to so regulate their political action as not to build up and extend the system of Slavery, which exerts a chilling, blighting influence, on the principle of freedom in this country, and prevents us from assuming as a nation that position as the friend of freedom throughout the world, which we can and ought to assume, and would assume but for the opposing tendency of this fatal institution.

WASHINGTON CO. SEAT.—This question has been decided against West Bend by a majority of about 600 votes. The respective claims of Grafton and Port Washington to the location, are now to be tested, and this will be done by the Supreme Court, and will perhaps involve a long litigation, during which time the location must of course, remain at Port Washington. This was unquestionably the motive which induced the people of Port Washington to go in, might and main against West Bend. The Attorney General has already given his opinion, founded upon decisions made, heretofore by the Supreme Court, that the county is without an established county seat—that the county seat (though the five years, the time for which it was located there have expired) must still remain at Port Washington, until established elsewhere—and that it cannot revert to the old county seat, without a law to that effect is passed.

So it appears that Washington county is still without a county seat, and that this vexed question is still unsettled. There will undoubtedly be a strong, and perhaps effectual attempt to divide the county.

☞ Hon. Moses M. Strong, will, at the request of a number of members, deliver an address at Madison, to-night, on the subject of banking, and particularly as to the connection of a Railroad system therewith.

Madison Correspondence.

MADISON, April 9, '52.

The Assembly, to-day, passed the Senate bill, appropriating $1000 to Gen. Wm. R. Smith, to defray the expense of compiling a documentary history of Wisconsin.

It also passed the Senate "bill to incorporate Double-headed Brown, with two run of saws," with an amendment that "both saws run on one crank," in which the concurrence of the Senate was requested. So that, whatever is the fate of said *Bill*, Brown is likely to attain an incorporate immortality by being bound up and preserved in the Journals of both Houses.

The Assembly have passed a bill appropriating $500 to the State Agricultural Society, to be expended in premiums, or in purchasing seeds and plants for distribution.

The Senate passed a bill to provide for the organization of a Separate Supreme Court, and for the election of Justices thereof—election to be next September.

Also bills to incorporate the North Western Railroad Co.; the Milwaukee and Horicon Railroad Co.; the Waukesha Manufacturing Co.; and the Holland Trading Co.

It also resuscitated the bill to organize the 7th Judicial Circuit and several others once killed.

It passed the Fox and Wisconsin River Improvement bill over the Governor's Veto, 13 to 5, not even giving the Message the courtesy of five minutes' consideration, or waiting to have it entered on the Journal.—Senator Conkey said the arguments had all been repeated in the Assembly or in the street. This, we suppose, is courteous treatment in his estimation.

The following is the Senate vote:

AYES—Messrs. Alban, Bennett, Bowen, Bugh, Conkey, Dean, Palmer, Pinckney, Prentice, Sharpstein, Stewart, Wakely, Wright—13.

NAYS — Messrs. Huebschmann, Reed Squires, Sterling, West—5.

We rejoice to say that neither of the Milwaukee Senators voted for it. It will be killed in the Assembly.

Both Houses have agreed to adjourn the 19th inst. S. M. B.

WISCONSIN AND IOWA FARMER.—We have received the April number of this excellent Agricultural journal, published at Janesville, by Mark Miller, at 50 cents per annum in advance. It contains much useful information to farmers, and, among others, an article on the Suffolk breed of hogs, giving the points in which they are supposed to excel other breeds.

It also has a plate of the Horse HAMBLETONIAN, which took the premium at the State Fair last year. He is owned by R. M. Wheeler, of Janesville. His pedigree is given, and in the list of his ancestors we see the names of Darley Arabian, Eclipse, and a number of the most celebrated English Horses.

CHARGES AGAINST THE SUPREME COURT.—The select Committee of the Senate, to whom were referred the charges of E. G. RYAN, Esq., against the Supreme Court, have reported, "that in their opinion no action should be taken by the Senate in the premises."

Softening Water.—The following may be of service to some of our lady readers:

"One ounce of fresh quick lime, dissolved in water, will soften two barrels of ordinary hard water and render it fit for washing purposes."

☞ The Whig members of Congress were to meet on the 9th inst., to fix upon the time and place of holding the next National Convention.

ROCK COUNTY TOWN ELECTION.—In Beloit the entire Whig ticket was elected; in Janesville the Democratic, with three exceptions; in Turtle, Newark, and Magnolia, about half of each ticket was elected. In Harmony, Rock, Milton, La Prairie and Union, the whole Whig ticket was successful.—In Fulton and Lima the entire Democratic ticket was elected. Several towns elected Union tickets.

THE AMERICAN PRESIDENTS.—We have received a copy of this publication, by Fowler & Wells. It contains portraits, descriptions of their phrenological developments, and short Biographical sketches of all the Presidents, from George Washington *down* to Millard Fillmore.

Arsenic.—A bill has passed the New York Senate prohibiting the sale of arsenic in less quantities than one pound, and providing that the poison should be colored by a mixture of indigo.—*Ex.*

Why don't the rum sellers raise the hue and cry against such a law?

It is certainly an infringement on personal liberty, and an attempt to regulate what people shall sell and eat. If they allow the principle to be established that Society may regulate the sale of arsenic, their craft is certainly endangered, for another step in the same direction will include alcohol.

A Heavy Business.—One million and a quarter of gold from California, was melted on Thursday week, between the hours of 7 and 3 o'clock, in the melting department of the Mint in Philadelphia. This is the largest amount ever melted in one day since the establishment of the Mint.

Distressing Death.—We learn from a gentleman direct from the Pinery, that Mr. Orlando Mc Millan, of Union, Rock Co., was burned to death at Plover, Portage county, on Monday last. He had been in the Pinery making shingles; went into his shanty on Monday last, took off his boots and sat down to dry his feet. In this position he fell asleep, and while thus situated, the fire found its way into some shavings and the shanty was immediately destroyed, and Mr. McMillan perished in the flames. He was some 23 or 24 years of age, of good character, and has left a wife and one child, with numerous friends, to mourn his untimely fate.—*Madison Express.*

CITY MATTERS.

REVIVAL.—A series of religious meetings, attended with much interest, have been held during the past week at the Methodist Church on the corner of West Water and Spring Streets. The meeting will be continued, evenings, through the week. Saints and sinners are invited to attend.

EASTER.—We see by the German papers, that this is Easter Monday, which is observed by a religious festival in commemoration of the Resurrection of the Savior. To what extent this observance is practiced we are not aware, though we should think pretty generally, from the fact that the *Volksfreund* states that as it's boys can't work to-day, it will issue no paper to morrow.

MUSICAL.—M'dle Jaques gives her first Concert here this evening, assisted by Mr. Squires and the Pianist Herr Brandeis. The press of other cities speak in high terms of praise of their performances, and from their programme, which will be found in their Advertisement in another column, we should judge that they will furnish a rare musical entertainment.

Admission 50 cents; doors open at 7 o'clock; Concert commences at 8.

☞ The Public Schools of this city will be re-opened on Wednesday next. See notice of the Board of School Commissioners.

☞ The owner of the canoe discovered afloat in the Menomonee River, last week, has come to light, and declares himself still alive, and calculates to live some time yet.

☞ Weather dark, dismal, disagreeable, and rainy—streets shockingly muddy.

CITY GUARDS.—The Guards give a Social Party at Treat's New Hall this evening. A merry pastime is anticipated.

NEWS FROM ALL QUARTERS.

New York, April 9.

A meeting of the young men of New York favorable to the election of Daniel Webster for President, is called for the 19th inst.

The charge of perjury preferred by Edwin Forrest against W. H. Doty, the witness who swore to his guilt with Josephine Clifton on the steamer Albany, was taken up by the Grand Jury on Wednesday, and it is probable that a true bill will be found for perjury.

Between $30,000 and $40,000 only have been raised for the Crystal Palace. $200,000 is the sum required.

Baltimore, April 8.

The Southern Mails have arrived with full particulars of the loss of the steamer Independence in Matagorda Bay. Details same as heretofore reported, vessel and cargo a total loss. The latter worth $27,000.

Kossuth left New Orleans more quiet than he came.

Baltimore, April 2.

The ship fever is raging most violently among the patients in the hospital, and several deaths have occurred.

Portland, April 6.

Albion K. Parris, Dem., elected Mayor, over Neal Dow, Whig. Six or four Democratic Aldermen, and 3 whigs. Twelve Democratic Councilmen and 9 Whigs.

New Haven, April 6.

Connecticut Election.—Our Senate is composed of 21 members, of which the democrats have elected 12, the whigs 6, and 3 not heard from. So the democrats have the Senate, and as appears to-day, the House, which will elect their Governor.

Washington, April 7.

The Kossuth debate.—In the Senate yesterday, a speech was made by Judge Mason of Virginia, on non-intervention. He strongly favored Clarke's resolutions, and was opposed to those of Cass and Seward. He also took Mr. Soule to task for doubting whether Washington intended his non-intervention policy to be permanent. He went over the whole ground, and proved from documents, speeches, history, &c., that non-intervention in the affairs of foreign Nations was the only true policy for our Government to pursue.

Jacksonville, Fla., April 6.

Little Florida.—A whig convention assembled on the 2d at St. Augustine. A resolution in favor of the Compromise Measures as they are, was adopted. The meeting declared its preference for Milliard Fillmore for President, and William H. Graham, of N. C., for Vice President. Delegates to the National Convention were appointed with instructions to carry out the preferences of the meeting.

E. C. Cabell was recommended for re-nomination to Congress.

A BILL

In relation to the support of Paupers in the city of Milwaukee:

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Sec. 1. It shall be the duty of the Common Council of the City of Milwaukee, and of the Board of Supervisors of the several towns of Milwaukee county, to see that all paupers in said city or any of said towns are properly relieved and taken care of, whether such paupers are now by law a town or county charge.

Sec. 2. Such paupers shall thereafter be relieved at the expense of the city or town, where they reside, whether they may have gained a legal settlement in such city or town, or not: Provided, however, That towns shall be, as now by law they are, liable for the support of paupers who shall have a legal settlement therein.

Sec. 3. The Common Council of the city of Milwaukee, and the Supervisors of the several towns of the county of Milwaukee, shall have power to levy annually on all taxable property, a tax sufficient to defray all expenses for the maintenance of the poor.

Sec. 4. This act shall take effect as soon as the Board of Supervisors of Milwaukee county, and the Common Council of the city of Milwaukee, shall, by resolution, accept the same.

MARKETS, &c.

DAILY FREE DEMOCRAT OFFICE, April 12, 1852.

In reviewing the markets of the past week, we find little worthy of note to record. Business in this department has remained nearly stagnant, receipts by wagon have been almost entirely cut off by the bad condition of the roads, and but little has arrived by railroad. The City mills have not yet resumed operations, and when they will it is difficult to tell, as the repairs to the dam are not yet commenced. The best qualities of wheat, which formerly brought 72 cents for milling, now bring only about 65 cents, and this is owing entirely to the suspension of operations at the mills. Such a state of things ought not to continue in a city like this, unless the people wish destroy the prosperity of its citizens. The dam should be immediately repaired, and our abundant water power again made useful.

Reports of the prices of breadstuffs in Europe are extremely fluctuating, so much so that we can draw no reliable inferences as to the future prospects of the market. We think, however, from present appearances, that our farmers are not justified in the conclusion that the prices of grain here are likely to be materially enhanced by a foreign demand. Still, political disturbances in the Old World—not very unlikely to happen—may be productive of this end.

Navigation has been much interrupted by unfavorable weather. Preparations for carrying on the lumber trade vigorously, are being made, and several schooners loaded with this commodity have already made their appearance, and a number are on the eve of departure for the various pine localities. Steamers now run quite regularly between here and Chicago, and the travel and freight going forth and back are considerable. We entertain strong expectations that the business on the Lakes this season will greatly exceed that of last.

Lard more plenty, and firm at 9¼a9½ cts.

Provisions—Beef scarce at $5,75a6,75 for prime, and $9,62a12,75 for mess; beef hams unchanged.

FLAX CULTURE.—As the culture of flax is beginning to receive some attention throughout the State, we insert the following paragraph from the Kenosha Telegraph, written by Jas. M. Eddy, of Bristol, Kenosha county, to show what he has done in this line. The experiment was eminently successful, and shows conclusively that the article can be profitably cultivated:

"Last year I procured two bushels of seed, which I sowed upon four acres of ground. I found I could not cut the flax with a reaper, but cradled it with little difficulty. I secured it the same as wheat, and threshed it with an open cylinder. I had from the whole, 50 bushels of seed, which I have sold this spring for sowing at $1,50 per bushel. I do not think I sowed enough to the acre, and shall this year try three pecks. I let it remain until it had ripened quite too much, so that I think it wasted some in cutting. The fibre I shall save until there is a market for it. I leave the farmers to judge of the profitableness of the crop."

We also find the following ideas thrown out by a correspondent of the Washington County Blade:

"Flax seed can be sown with advantage on fields of winter-killed wheat. It should be sown as early as the ground will permit, at the rate of about a half bushel per acre, more or less, according to the extent the wheat is killed. Then the ground should be harrowed and rolled. The flax seed ripens with the wheat, and they can be cut and bound up together without difficulty, and when threshed the seed runs into the chess box and is thus separated from the wheat. This practice has been profitably tried, to a considerable extent, by farmers in Genesee, N. Y."

Misrepresentation Exposed.

Under this caption, the *Sentinel* takes us to task for writing, that public sentiment here was against the Attorney General, and in favor of the Governor, in regard to staying proceedings against the Bank. The *Argus* also represents us as saying, that it had privately expressed to us its disapproval of the Attorney General's course. We said no such thing. We had no conversation with any editors about it. Nor did we intend to include the *Democrat* in the catagory when we said they—meaning the editors of the *Argus*—"would not like to have us repeat what they say privately about it!" We wrote the paragraph in great haste, while the messenger was waiting for the mail, and did not look over our manuscript. We were credibly informed that the *Argus* folks had said *privately* that the Attorney General had pursued a very unwise course, and from the eloquent heralding with which they announced the commencement of the suit, they could not consistently have *thought* otherwise, whatever they may have *said* about it.

But we present the vote of the Assembly on the Resolution, reported by the committee, to whom the whole subject was referred, to the *Sentinel*, as conclusive evidence of the truth of our assertion. In a body about equally divided between Whigs and Democrats, the vote to sustain the Governor, and authorize him to present the whole subject to the Supreme Court, in such manner as he may think proper, stood Forty-One to twelve. And some of these twelve approved of the Governor's course, but assigned to us, as the reason of their voting against the Resolution, that it gave the Governor too much discretionary power.

To represent, then, as the *Sentinel* does, that public sentiment here is opposed to the Governor's course on this question, is as deliberate and wilful a misrepresentation of facts, as was ever perpetrated. It is not strange, that the opposition party press should denounce Gov. Farwell, for his attempt to enforce and faithfully execute the laws, for the interests of their party require it. And so manifestly is he in the line of his duty, that even some of the old Hunker papers sustain him on this question. But that the *Sentinel*, aspiring to be the leading Whig press of this State, should make unremitting war on the Governor in this matter, copy all the abusive articles it can gather from the Hunker press against him on this question, to show that the people don't sustain him and labor more assiduously, if possible, to manufacture public sentiment against him, than it did to elect him, is passing strange! For doing what he simply regarded his duty, under his oath of office, to see the laws faithfully executed, the Governor certainly had a right to expect better treatment at its hands. But the fact is, the *Sentinel* is less the organ of the Whig party, than it is of the Bank, and of such bolting Democrats as Messrs. Hubbell, Walker, and Crocker, and the little coterie composing the Jenny Lind Club. And the consummation of wedlock, between Jenny and Otto, has not more effectually dispelled the charm which lingered around the presence of the Swedish nightingale, than has the open proclamation of the *bans*, between the *Sentinel*, the Bank and the Jenny Lind Club, dissolved the partnership between the *Sentinel* and the Whig party, and disarmed it of its power to injure Governor Farwell. Such a course as the *Sentinel* has pursued toward the Governor, if sanctioned, would be sufficient to damn *any* party. S. M. B.

Foreign News by the Africa.

ENGLAND.—Little news has transpired since the Baltic left. In the Commons on Thursday, Mr. Hume brought forward a resolution for extension of suffrage, but it was defeated by a majority of 165, Lord Russell being one of the speakers against the motion.

Breadstuffs—McHenry says the market closed with more hopeful feeling, though without any improvement; prices at 19s for flour; no sales at less than 19s 6d for Western canal, Philadelphia and Baltimore 20s. For Ohio wheat 5s 6d; white Corn at 31s, yellow 28s 6d. Gardner's Circular, on the contrary, says the corn market is still downward. Wheat declined 2da3d; flour 1s.

FRANCE.—By a recent decree, the President has complete control of the action of every member of the Assembly.

TURKEY.—A despatch, dated Zara, March 14th, states that a force of 1,700 men was marched into Lyons, where the Greeks and Catholics were disarmed, and the clergy and two principal men from every canton, seized and imprisoned.

ENGLAND.—Advices have been received that the steamer Abeona was on her way from Vera Cruz, with £5,000,000 in gold dust from California.

Very large quantities of Wheat and Flour had been shipped from London and Hull for Prussia, at nominal duty. In consequence of the great scarcity in that country large contracts are said to have been entered into by leading corn factors.

SOUTH AMERICA.—A letter from Calleo, of the 9th ult., states that there is an intended invasion of Guyaquil by a certain political party. Two vessels had left armed with 400 men.

A Child Found.—A little Girl, about 4 years old, dressed in a pink dress, with a light summer hood, was found on Saturday last on the street and taken to the house of G. F. Becker, East Water-st., above the Market House.—*Sentinel*

Hon. Henry L. Ellsworth, formerly Commissioner of Patents, will sow 500 acres with flax this season. The flax culture will be an item of great importance in the agriculture of this country.

Madison Correspondence.

MADISON, April 9, 1852.

Veto of the Fox and Wisconsin Rivers Improvement Bill.—To-day the Governor returned to the Senate, the bill entitled an act to provide for the completion of the improvement of the Fox and Wisconsin Rivers, with his objections to the same becoming a law. They are in substance:

This bill prescribes a general policy for the conduct of this improvement, and the management of the fund, and, in effect, endorses and legalizes a past policy in his opinion objectionable in the following particulars:

1. The adoption of a plan or system of improvement, and the prosecution of the works, without regard to the amount of the available fund granted by the United States for that purpose.

2. The prosecution of the work upon credit, or in advance of the means derivable from the sale of the granted lands.

3. The pledging of the Revenues of the Improvement for the ultimate payment of these credits.

4. The creation of a debt of a large amount against this fund, without any certainty that the fund will be sufficient to pay it, and by investing that debt with such forms of stock certificates, under the seal of the State, as to give it a fictitious State credit.

5. It impairs the rights of previous contractors, &c.

You see the drift of the objections. The message is long, but is of sufficient importance to be published throughout the State. *Public sentiment will sustain this veto.*

The Indians for the Maine Law.

The following petition, expressed with great truth and simplicity, was sent up by the Onondaga Nation to the Legislature of New York. If any man is more peculiarly entitled than another to make such a request, it is the Red man. For to him and his race, the "fire-water" of the whites has proved as deadly as their fire-arms. It has worked for him, suddenly and swiftly, that ruin which it more slowly yet surely works for his civilized neighbors. Let the white brothers of the Onondagas, who have opposed the Maine Law, blush to find themselves surpassed in sagacity and self-denial, by the untutored children of the forest:

MEMORIAL OF THE ONONDAGA NATION IN FAVOR OF THE MAINE LAW.

To the Senate and House of Representatives, at Albany:

DEAR FATHERS AND BROTHERS!—We understand you are all at the great Council House at Albany, and that the great Council Fire is now burning, and that our White Brothers, all over the State, are sending wood to put on the Council Fire; but we 'fraid the Council Fire will not burn bright and clear without more help; so we send this to make it burn. Now, Brothers, what we want to say is this: We hear about our Brothers in the State of Maine—we hear that they find *Great Rogue*; this rogue, he get folks' money; sometime he burn houses—sometime he kill people—sometime he make family very poor—some time he take 'way senses—some time he make 'em very cross, and ragged, and dirty, and some time he freeze 'em to death.

Now we hear our brothers there—they try stop it—they try talk about it, see if can stop it little—but he wont stop. We hear at last our brothers won't bear it no longer—so they make law to knock him on head, any where they find him—in barrel or jug or bottle, in tavern, grocery or barn, any where—knock him on head! Now we want to tell you, Brothers, that this big Rogue has been here to Onondaga; he has made us great trouble. Some of our people would be very good if this bad fellow would keep away. We try—our people try some, too—but he will not. Now, what we ask you is to make laws, such as our brothers in the State of Maine have made.—We have tried conx him—but he wont be conx; we try scare—he wont scare much; he still make great deal trouble; we think better make law to knock him on head—then he make us no more trouble. We Christian party ask it, and some pagan, too—most all ask it—you make this law.

Now, brothers—our people sold our land to white people, and white people make treaty—he say he be good to Indian. But he let this *Rogue* trouble us most too long. Now, Brothers, we was once great people, and we have gone to war for our white brothers; but now we are few, and our white brothers are strong. We want you help us—we want you make this law, so when we find this *Rogue* we kill him. We see him great many times, but we mean to be good and peaceable, and so he got away; but if you make this law, then we kill him, and then we live happy and friendly—no more cross—no more ragged—no more fight, but raise corn, wheat, oats, beans, cattle, horses, and some children too; no more get drunk—no more freeze to death—work and get good things like white men.

March 28, 1852.

FRUIT TREES BY THE ROADSIDE.—The practice of setting out fruit trees by the roadside cannot be too highly recommended. In many parts of Europe this practice is general, and the fatigued traveller acknowledges the well-timed hospitality thus afforded him. The excuse is often made that the fruit will be stolen; but if the practice were general, the amount of fruit taken by wayfarers, would only be what common hospitality would freely grant; and in Germany every third tree, by custom, may be *tabooed*, the owner of the adjoining farm ties a piece of rag to one of the lower limbs of the tree, and no traveler will touch it. Travelers inform us that no reward will tempt a German stage-driver to regale his passengers with fruit from a marked tree—two out of three being left to his use if desired, renders the selected tree free from the chance of being used. The amount of fertilizing material continually wasted upon roads would be available by such a practice, and nothing but extreme selfishness will prevent the use of those materials for public benefit. Many of the larger sort of fruit trees are highly ornamental and afford fine shade, while the use of fruit trees alone for shade, like the display of costly mansions only excited the poor to envy, without adding materially to their comfort or health.—*Working Farmer.*

Seventeen persons left Cassville and vicinity on 9th inst. for the Plains; about the same number will leave Lancaster in a few days.

St. Louis, April 6.

St. Louis Election—Riots. Returns of yesterday's election indicate the success of the whole Whig ticket, with probably three exceptions.

Returns from the First Ward have not yet been received.

Kennett is re-elected Mayor by 600 or 700 majority.

A disgraceful riot occurred in the first ward, which resulted in the death of one person, and wounding five or six others.

Shots were fired from the windows of a German Coffee House, which, in addition to two or three other houses, was entered and destroyed.

The crowd was again fired on at the corner of 7th and Park Avenues, when the windows and doors of the houses were instantaneously broken down, and the crowd fired the building and burnt it to the ground.—Subsequently they were fired on at the corner of Park and Carondelet Avenue, and a member of Stlom's Fire Company was mortally wounded.

The house from which the shot was fired was immediately riddled and the crowd then pursued their way up town and quietly dispersed.

Later at night a crowd collected around the office of the Anzeiger des Westens, when the Military was ordered out by the Mayor, and having formed, kept the block where the office is situated clear until a late hour in the night. The office appeared to be deserted, the inmates probably expecting an attack.—City perfectly tranquil to-day.

St Louis, April 3—9 P. M.

The Steamer *Glencoe*, arrived from N. Orleans this evening about 8 o'clock, and while making a landing blew up, with a terrible explosion, bursting all her boilers—About 150 passengers were on board at the time, a large number of whom were killed.

☞ Spring business is opening briskly in our village. A number of buildings are in process of erection, and many more in contemplation. We are informed that a larger number will be put up this, than any previous season. A good share of them will be substantial brick structures.—*Pt. Washington Blade.*

Witchcraft of Woman.—I want to tell you a secret. The way to make yourself pleasing to others is to show that you care for them. The whole world is like the Miller at Mansfield, "who cares for nobody—no, not he—because nobody cares for him." And the whole world will serve you so, if you give them the same cause. Let every one, therefore, see that you do care for them, by showing them what Sterne so happily calls, "the small, sweet courtesies in which there is no parade, whose voice is too still to tease, and which manifest themselves by tender looks, and little acts and attentions—giving others the preference in every little enjoyment at the table, in the field, walking, sitting, or standing." This is the spirit that gives to your time of life and your sex their sweetest charms. It constitutes the sum total of all the witchcraft of women. Let the world see that your first care is for yourself, and you will spread the solitude of the Upas tree around you, in the same way, by the emanation of a poison which kills all the juice of affection in its neighborhood. Such a girl may be admired for her understanding and accomplishments, but she will never be beloved. The seed of love can never grow but under the warm and gentle influence of kind feelings and affectionate manners. Vivacity goes a great way in young persons. It calls attention to her who displays it; and if it then be found associated with a generous sensibility, its execution is irresistible. On the contrary, if it be found in alliance with a cold, haughty, selfish heart, it produces no further effect except an adverse one. Attend to this my daughther. It flows from a heart that feels for you all that a parent can feel, and not without the hope which constitutes the parent's highest happiness.—May God protect and bless you.—*Wm. Wirt to his Daughter.*

Fresh Air.—Gentlemen and ladies, open your windows, and let in the fresh air. Light, physical or moral is not more essential to vision than air, fresh air, to health and happiness. Yet how careful are most of us to exclude it! You close up the windows, nail list round the doors, and appear to do all in your power to exclude Heaven's free gift of fresh air; and the reason why thousands of people are not smothered, is that the air is so subtle it will work its way through every little crevice, so that is almost impossible to get it shut out altogether. But, if people do not get themselves quite suffocated, they continue to get pale, stupid, nervous, and heavy-headed, for want of pure air, which is so anxious to force itself into their rooms, but which they contrive to keep barred out. What would you think of a man coming down the river on a raft, who would get a little basin of water and keep it for weeks to wash himself in every day, when the broad river was running level with his feet? You would say he was a fool. Are you any wiser, who have fifty miles deep of fresh air above you, and allow yourself but a few square feet to be used over and over again hundreds of times? I wish every one of you knew what a curious piece of machinery your lungs and heart are, and how the atmosphere is adapted to our use. Keep your windows open nigth and day. If you are afraid to have the nigh air blow upon your while you are asleep, break a pane out of the top of the window until you get used to fresh air, and then a stream of it hard enough to blow the quills off the bed will not hurt you.

AN ORDINANCE

Regulating the assessing, levying and collecting of Taxes.

The Mayor and Common Council of the city of Milwaukee, do ordain:

Sec 1. The assessors, within such time as the common council shall direct, shall make out an assessment roll, which shall contain a description, as near as may be, of all the lands, lots, or parcels of land, within the city, sufficient to identify the same, and of all persons or bodies politic, liable to pay taxes on personal property. Such assessment roll shall be so ruled as to show, in proper columns, a description of the real estate, the cash value thereof, the value of any improvements thereon, the valuation of the real estate and improvements, and the corrected valuation thereof, and also the names of the persons or bodies politic liable to pay taxes on personal property, and the amount thereof, for which they may be assessed.

Sec 2. On completing said roll, the assessors shall proceed without delay to ascertain the cash value of all the real estate and the improvements thereon, within the city, and to enter the same opposite to the proper lot or tract, under the proper columns, and also to enter opposite to the name of each person or body politic, the amount for which they may be respectively assessed; each column shall be added up by the assessors, and the several amounts carried forward, so as to show the total valuation of the real and personal estate respectively.

Sec 3. Personal property shall be assessed in the ward in which it may be found; bodies politic within the ward in which their office or place of business may be; and rights, credits and moneys in the ward in which the person to whom the same may be assessed shall reside.

Sec 4. When the assessors shall have completed and compared said assessment roll, they shall give notice thereof, as required by law, and shall fix a time and place when and where they will hear the objections of parties deeming themselves aggrieved by such assessment; and any person failing or neglecting to present his objections to the board of assessors within the time limited, shall be forever afterwards barred from objecting to the assessments made against him, or from receiving any redress from the common council.

Sec 5 It shall be the duty of the assessors to attend at the time and place designated in their notice, and to hear such objections as may be made, and after hearing the same, shall alter, modify or amend said roll as to them shall seem just and proper. The hearing may be adjourned from day to day, but not beyond the time limited

Sec 6 Within one week from the time limited for the hearing of objections, the assessors having completed and corrected said roll, shall return the same to the common council, with a certificate thereof, signed by them, or a majority of them.

Sec 7. Should the common council refer the said roll back to the assessors, they shall examine, revise, and correct the same, as to them shall seem just and proper, and shall, within such time as the common council shall direct, return said roll to the common council, with a certificate thereof

Sec. 8. When the said roll shall have been revised and corrected by the common council, the same shall be filed with the clerk, and an order confirming the same shall be entered among the proceedings of the common council.

Sec. 9. WAUKESHA.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging, and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To Illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed in a short period the insensible perspiration will action the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and, thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

CURE OF

RHEUMATISM, BRONCHITIS, AND DYSPEPSIA.

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1849.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE? My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen years* since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Further: In the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THIS RHEUMATIC; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S
GALVANIC BRACELETS

Are found of vast service in cases of Convulsions or Fits Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

☞ Many hundred Certificates from all parts of the country of the most extraordinary character can be given, if required.

☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable.* They can be sent to any part of the country.

GREAT WORK ON CIVILIZATION.

This valuable work, has just arrived at

C. OTT'S BOOKSTORE.

It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader—it appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matter of which it treats."—*Truth Teller.* april 22
